ABOUT US

Marriott's Enviro Management is a certified Social Enterprise that has been successfully delivering contracts for 33 over years in the horticultural, landscape and environmental industries sectors. We are a reliable service provider of choice to major water authorities, various levels of state and local government, and to major construction projects.

Led by experienced and specialised staff, our teams provide horticultural and environmental services for broad acre management, vegetation management, landscaping, mass plantings, grounds maintenance, weed control and fuel load reduction works for government and private industries.

Enviro has one of the most innovative and modern tractor and machinery fleets in the industry. We utilise technology to enhance safe work practices and communications with our teams on sites. GPS tracking systems are in place that provide tracking progress on key projects by locations.

We are a proven, flexible, and reliable service provider that is committed to excellence in customer service, safe work practices and the environment stewardship responsibilities.

- ✓ One of the most experienced teams with advanced tractor and implement fleets in the industry
- ✓ Rigorous 'Safety first' agenda

THE SOCIAL IMPACT

SOCIAL PROCUREMENT

As a certified social enterprise, Marriott's Enviro Management can partner with you to harness your purchasing power and create genuine social value which goes beyond the commercial value of the goods and services you procure from us. Marriott has a successful and long contract history with many clients in delivering a high-level of quality service.

We also help our clients to achieve effective social impact and employment outcomes through the contract engagement of certified social enterprise services that employ and benefit people from a diverse background of disabilities and social disadvantage.

SOCIAL VALUE = financial + impact

In the previous financial year our employees in Enviro contributed over 9,000 hours towards the completion of a key contracts. Our employees with a disability who work part time in alignment with their NDIS funding were meaningfully employed 92,600 hours.

Enviro delivers contracts across Southeast Melbourne extending into Mornington Peninsula and Latrobe Valle and across the north and west of Melbourne. Service sites range from large broad acres, road side, sewerage plants, parks, big build and construction, social housing estates, schools, golf courses, home gardens, water ways and revegetation areas.

DELIVERING SERVICES

We operate a "Do it right the first time" philosophy. Through transparent planning with our customers, we can deliver projects that balance short term objectives with a long term viable service cycle approach

SAFE WORK PRACTICES

Safety of our staff and the community in which they work are paramount. We focus on sustainable work practices which sees everyone having a role in actively seeking safer, smarter and environmentally sensitive solutions

RISK MANAGEMENT STANDARDS

Risk management is crucial, and having accreditation AS/NZS 4801:2001 for safety forms a significant cornerstone to our operations. We show that it is the commitment to our processes to ensure compliance that upholds our standards of operation

OUR PEOPLE

Qualified and industry experienced. Staff receive regular L & D to ensure best practice operations. Regular OH&S training, including "Safe Work Practices", and operational and safety updates occur during weekly toolbox meetings

Mission: To grow our capabilities and navigate possibilities to empower people living with disability to find meaningful work
