

## ENVIRONMENT POLICY STATEMENT

### Our Commitment

Marriott is committed to the development and continual improvement of our Integrated Management System (IMS), according to the principles and requirements of the **ISO 14001\_2015 Environmental Management Systems** standards.

All Marriott personnel act to protect the environment by preventing and eliminating environmental pollution through:

- Continual education to prevent environmental pollution, preserve natural resources, and improve the IMS.
- Continual raising of environmental awareness.
- Continual compliance with relevant laws, regulations and environmental management plans for each activity as required by the appropriate regulating authority, and where adequate laws do not exist, adapting to and applying globally applicable corporate operating standards. Exploration of new materials with smaller environmental footprints and improvement of hazardous waste management.
- Decrease of non-renewable energy consumption and replacement with renewable energy sources.
- Proactive management of activities to identify, assess and control environmental impacts of our operations.
- Following environmental procedures to decrease environmental pollution and prevent degradation and damage to the environment.
- Decrease of adverse impact on water, soil, air, and biodiversity.
