Marriott's Social Enterprises

Established in the 1990's, Marriott Industries has a long history working as a trusted partner to Tier One & Two suppliers to the FMCG sector, Government and Industry.

With a sharp focus on quality, safety and employee engagement, Marriott Industries are accredited with Social Traders as well as maintaining relevant NDIS and OHS accreditations.

Working within the Victorian Government's Social Procurement Framework, Marriott Industries works in partnership with our customers to deliver both economic and employment opportunities that improves the social wellbeing of our clients, employees and our community.

Our staff are provided with supports including formal training and on the job coaching to learn new skills so they can maintain meaningful jobs. We offer Supported Employment services for people with a Disability or experiencing social disadvantage across our three Social Enterprises , Enviro Management Services, Marriott Industries and Marriott Freshstart.

Partnering with Marriott Support Services:

- We offer a wide range of services that can be tailored to your needs
- We offer a high level of quality work that is delivered consistently to timelines
- We have accredited social enterprises and we can help you meet your social responsibility components of government procurement contracts.
- Choosing to use Marriott for your business contracts gives disadvantaged individuals greater financial and social independence and wellbeing
- Our social business enterprises support disadvantaged individuals in the community that work to solve social problems by providing training and employment to achieve social outcomes

DELIVERING SERVICES

We operate a "Do it right the first time" philosophy.

Through transparent planning with our customers, we can deliver projects that balance short term objectives with a long term viable service cycle approach

SAFE WORK PRACTICES

Safety of our staff and the community in which they work are paramount. We focus on sustainable work practices which sees everyone having a role in actively seeking safer, smarter and environmentally sensitive solutions

RISK MANAGEMENT STANDARDS

Risk management is crucial, and having accreditation AS/NZS 4801:2001 for safety forms a significant cornerstone to our operations. We show that it is the commitment to our processes to ensure compliance that upholds our standards of operation

OUR PEOPLE

Qualified and industry experienced. Staff receive regular L & D to ensure best practice operations.

Regular OH&S training, including "Safe Work Practices", and operational and safety updates occur during weekly toolbox meetings
